

DEPARTMENT PLAYBOOK

Channel Partner

Your simple guide to the Partner Portal in Agrocorp CRM — share your referral link, brand your chat widget, and track your leads, bookings and commission.

Channel Partner

User Manual · Everything you need is on one page: My Portal.

Who this guide is for

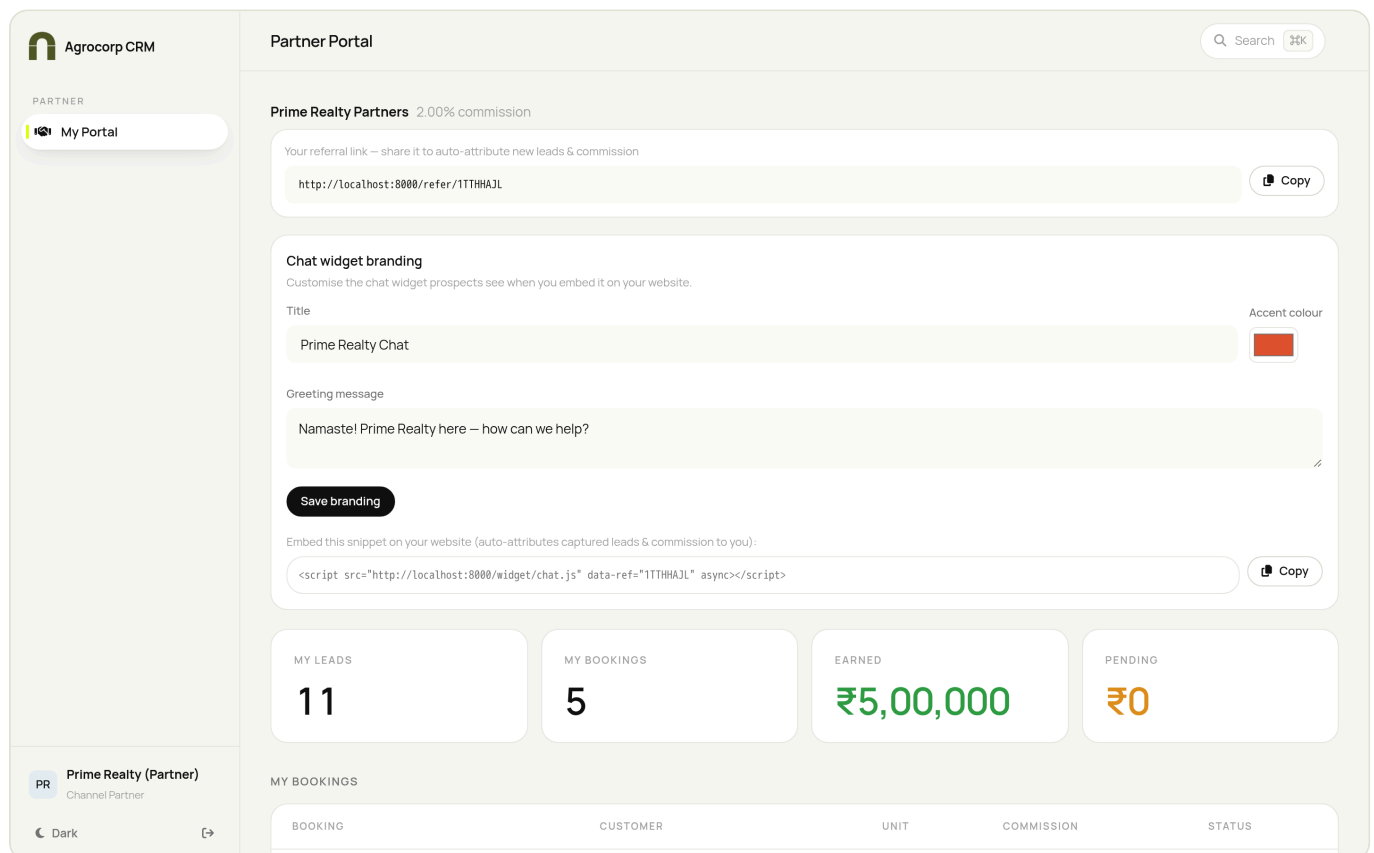

External referral partners who send business to the developer and earn commission.

Your access: you only ever see **My Portal** – your own referral link, your own leads, your own bookings and your own commission. You cannot see other partners' data or the company's internal leads. This keeps your business private and secure.

Logging in

- 1 Open the CRM link the developer shared with you.
- 2 Type your **email** (your login ID) and **password**.
- 3 Click **Sign in**. If it's your first time, set a new password when asked.
- 4 You land directly on **My Portal**.

Your home screen – My Portal

The screenshot displays the 'Partner Portal' interface. On the left is a sidebar with the 'Agrocorp CRM' logo and a 'PARTNER' section containing a 'My Portal' button. The main content area is titled 'Partner Portal' and includes a search bar. Below this, a section for 'Prime Realty Partners' shows a 2.00% commission rate. It features a 'Your referral link' field with the URL 'http://localhost:8000/refer/1TTHHAJL' and a 'Copy' button. The 'Chat widget branding' section allows customization of the chat widget, including a title 'Prime Realty Chat', an accent color (red), and a greeting message 'Namaste! Prime Realty here – how can we help?'. A 'Save branding' button is present. Below this is an 'Embed this snippet on your website' section with a code block and a 'Copy' button. At the bottom, a summary of key metrics is shown: 'MY LEADS' (11), 'MY BOOKINGS' (5), 'EARNED' (₹5,00,000), and 'PENDING' (₹0). A table titled 'MY BOOKINGS' is partially visible at the bottom, with columns for 'BOOKING', 'CUSTOMER', 'UNIT', 'COMMISSION', and 'STATUS'.

Partner Portal – referral link, widget branding and your commission summary, all in one place.

TASK 1 – Share your referral link

- 1 At the top of the portal, find “**Your referral link**”.
- 2 Click **Copy**.
- 3 Paste and share it with prospects (WhatsApp, email, social media).
- 4 When someone comes in through your link, that lead is **automatically credited to you** – so is any commission if they book.

Why this matters: the link is how the system knows a lead and its commission belong to **you**. Always share your own link.

TASK 2 – Brand your website chat widget

- 1 Find the “**Chat widget branding**” box.
- 2 Type a **Title** (e.g. “Prime Realty Chat”).
- 3 Pick an **Accent colour**.
- 4 Type a friendly **Greeting message** (e.g. “Namaste! How can we help?”).
- 5 Click **Save branding**.
- 6 Copy the **embed snippet** shown below and paste it into your own website – leads it captures are auto-credited to you.

TASK 3 – Track your leads, bookings and commission

- 1 Look at the four summary cards: **My Leads**, **My Bookings**, **Earned** and **Pending**.
- 2 Scroll to **My Bookings** to see each booking, the customer, the commission amount and its **status** (paid / pending).
- 3 **Earned** is commission already paid to you; **Pending** is what's still to come.

Commission status: “paid” means the developer has released your commission; “pending” means it’s approved and on the way, or awaiting the customer’s payment milestone.

Quick answers

QUESTION	ANSWER
Why can't I see other leads?	By design — partners only see their own referrals, keeping everyone's data private.
How do I make sure I get credit?	Always share your own referral link or your branded widget.
When do I get paid?	Commission moves from Pending to Earned once the developer releases it.
Can I change my chat greeting later?	Yes — edit it any time and click Save branding.
