

DEPARTMENT PLAYBOOK

Sales Team

Your daily playbook for working leads in Agrocorp CRM — from first call to booking. For Sales Head, BDM and BDE.

Sales Head

BDM

BDE

User Manual · Find your task in the contents and follow the numbered steps.

Who this guide is for

The three sales roles who work leads every day.

ROLE	WHAT YOU DO	ACCESS
Sales Head	Leads the team; approves discounts	All leads, pipeline, visits, projects, Discount Approvals , can edit/delete/override
BDM	Manages a group of executives	Leads, pipeline, visits — view, create, edit
BDE	Front-line executive	Leads, pipeline, call list, visits — view, create, edit

Difference in one line: BDE and BDM work and update leads; the **Sales Head** additionally approves discounts and can override/delete.

Your home screen

Sales dashboard — today's new leads, hot leads, open tasks and pipeline funnel.

Start every day here. Then check your **Call List** and **SLA Board** so nothing is missed. Press **Ctrl/Cmd + K** anytime to find a lead by name.

TASK 1 – Add a new lead by hand

The screenshot shows the 'Leads' section of the Agrocorp CRM. On the left is a sidebar with navigation menus: OVERVIEW (Dashboard, SLA Board, Tasks), SALES (Leads, Pipeline, Call List, Site Visits, Inventory, Import), DEALS & FINANCE (Bookings, Collections, Demand Letters, Discount Approvals), and MESSAGING (WhatsApp Inbox). The main area displays a table of leads with columns: NAME, STAGE, TEMP, SCORE, SOURCE, OWNER, and LAST CONTACT. There are filters for 'All stages', 'All temps', and 'All sources'. A '+ New Lead' button is in the top right. The table contains 10 lead entries, mostly with 'New Lead' status and 'Cold' temperature.

The Leads list – search, filter by stage/temperature/source.

- 1 Open **Sales** → **Leads**.
- 2 Click **Add lead** (top of the page).
- 3 Enter the person's **name**.
- 4 Enter their **phone number** and/or **email**.
- 5 Choose the **source** (Walk-in, Website, Referral...).
- 6 Add their **need, budget and preferred location** if known.
- 7 Click **Save**.
- 8 If someone with the same phone/email already exists, the CRM warns you it's a **duplicate** – open the existing lead instead of making a second one.

TASK 2 – Find and open a lead

- 1 Open **Sales** → **Leads**.
- 2 Type a name, phone or email in the **search box**, or use the **Stage / Temp / Source** dropdown filters.
- 3 Click the lead's row to open their detail drawer.
- 4 Inside you'll see their profile, activity history, calls, WhatsApp chat and the **Journey** tab.

The **Journey tab** shows a live "train track" of where the lead is – which steps are done, which is happening now and what's waiting. It updates on its own.

TASK 3 – Log a call and set the next follow-up

- 1 Open the lead (Task 2).
- 2 Click **Log call** (or the phone/activity action).
- 3 Choose the **outcome** (Connected, No answer, Busy...).
- 4 Type a short **note** of what was discussed.
- 5 Set the **next follow-up date/time** so it appears on your task list.
- 6 Click **Save**.

TASK 4 – Work your daily Call List

Prioritised Call List – hot, high-score leads first.

- 1 Open **Sales** → **Call List**. It is already sorted – **Hot** and high-score leads first.
- 2 Work down the list top to bottom.
- 3 Click a row to open the lead, then log the call (Task 3).
- 4 Check the **Last contact** column so you don't call the same person twice in a day.

TASK 5 – Move a lead along the Pipeline

The screenshot shows the Agrocorp CRM Pipeline board. The left sidebar contains navigation menus for Overview, Sales, Deals & Finance, and Messaging. The main area displays four stages of the sales pipeline: NEW LEAD (151 leads), CONTACTED (14 leads), INTERESTED (7 leads), and OPPORTUNITY. Each stage contains a list of lead cards. Each card displays a lead's name, email, and a temperature status (Hot, Warm, or Cold) with a corresponding dot color. The cards are arranged in a grid, with each stage having its own column. The cards are draggable, as indicated by the caption.

Pipeline board – drag a card to the next stage.

- 1 Open **Sales** → **Pipeline**.
- 2 Find the lead's card in its current column.
- 3 **Click and hold** the card, then **drag** it to the next stage column and release.
- 4 A short confirmation (toast) appears when the stage is updated.
- 5 Click a card to open the full lead if you need to add notes.

Temperature dots: each card shows Hot/Warm/Cold so you can prioritise at a glance.

Site Visits – schedule, remind and record outcomes.

- 1 Open **Sales** → **Site Visits** (or open the lead and choose **Schedule visit**).
- 2 Pick the **lead**, **project**, and **date & time**.
- 3 Click **Save** – the customer gets a reminder (once messaging is live).
- 4 On visit day, use **check-in** when you arrive and **check-out** when done (captures location).
- 5 After the visit, record the **outcome** (Interested, Not interested, Reschedule) within **2 hours**.
- 6 If the customer didn't turn up, mark it a **no-show**.

TASK 7 – Check unit availability (Inventory)

Inventory – a live map of available, held, booked and sold units.

- 1 Open **Sales** → **Inventory**.
- 2 Read the top summary: **Available**, **Held**, **Booked**, **Sold** and % absorbed.
- 3 Use the legend colours to read the unit map: outline = available, amber = held, lime = booked, black = sold.
- 4 Click a unit to see or (if allowed) update its details.

TASK 8 – Stay on top of your tasks and SLAs

SLA Board – what's due, overdue or at risk.

- 1 Open **Overview** → **SLA Board** each morning to spot anything overdue or at risk.
- 2 Open **Overview** → **Tasks** to see your personal to-do list.
- 3 Click any item to open the related lead and act on it.

Lead details appear here

WhatsApp Inbox – conversations, live thread and lead context side by side.

- 1 Open **Messaging** → **WhatsApp Inbox**.
- 2 Pick a conversation from the left list (use **All / Mine / Unread** to filter).
- 3 Read the thread in the middle; the customer's lead details show on the right.
- 4 Type your reply at the bottom and send. Use a **canned reply** to insert a ready-made message.
- 5 Click **Open full lead** on the right to jump to the lead's record.

Note: real sending/receiving works once your Admin connects the company WhatsApp account under Integrations. Until then the inbox runs in demo mode.

Discount Approvals – requests above 5% waiting on a decision (Sales Head).

IF YOU ARE A BDE / BDM (REQUESTING)

- 1 Open the lead's cost sheet / proposal.
- 2 Enter the discount you want to offer.
- 3 If it's above **5%** (or **10%**), the system sends it for approval automatically.

IF YOU ARE THE SALES HEAD (APPROVING)

- 1 Open **Deals & Finance** → **Discount Approvals**.
- 2 Review each request – discount %, amount and the band (>5% / >10%).
- 3 Click **Approve**, **Counter** (offer a different figure) or **Reject**.

The lead journey (how a deal flows)

- 1 Lead arrives → duplicate check.
- 2 Verify & make first contact on time.
- 3 Score & temperature (Hot / Warm / Cold).

- 4 Nurture with the right follow-up sequence.
 - 5 Schedule and complete a site visit.
 - 6 Build proposal / cost sheet; get discount approval if needed.
 - 7 Win the deal → booking is created and locked.

Quick answers

QUESTION	ANSWER
I can't find a lead	Press Ctrl/Cmd+K and type the name, or use the filters on the Leads page.
It won't let me add a lead	It's likely a duplicate – open the existing record instead.
My discount needs approval	Anything above 5% goes to the Sales Head automatically.
The customer didn't show up	Mark the visit as a no-show so it's tracked.
