

Agrocorp CRM — Lead Journey Dry-Run

Live walk-through of a single lead (**Priya Nair**) through the full 5-stage Operating-Guidebook flow, captured from the running preview environment. Every message, task and ownership change below was created by the actual system — not mock-ups.

Lead: Priya Nair

Phone: 90080 07001

Source: Website Form

Result: Won & Locked

1 · Lead Entry

2 · Qualification

3 · Meeting & Booking

4 · Conversion

5 · Customer

Ownership hand-offs observed in this run

Stage 1-2 System → **Rahul Verma** (BDE / Pre-Sales)

Stage 3 Converted → ownership auto-moved to **Karan Malhotra** (BDM / Closer)

Stage 4–5 Won → ownership auto-moved to **Deepa Menon** (CRM Head / Post-Sales), record **locked**

Entry point — the website enquiry form

Priya submits the hosted form at /enquiry. On submit the CRM creates the lead (source "Website Form"), round-robins it to the least-busy BDE, and fires the Stage-1 acknowledgement.

**Agrocorp**
Real Estate Solutions

BOOK YOUR VISIT

Find your perfect plot with Agrocorp.

Share a few details and our advisor will reach out with brochures, pricing and a site-visit slot that suits you.

Converted to Opportunity	Auto hand-off Pre-Sales → Sales	Karan Malhotra — BDM (Closer)
Won	Auto hand-off Sales → Post-Sales + record locked	Deepa Menon — CRM Head (Post-Sales)

Important — what is live vs mock in this dry-run. This was captured on the preview environment where WhatsApp & email run in **mock mode** (messages are recorded & shown in the timeline but not delivered to a real phone/inbox). On Hostinger, once your 23 approved WhatsApp templates are synced, the exact same triggers send the real approved templates. Emails are already real templates (no Meta approval needed).
